

Andy Schor

I have been a long time Audi owner and club member since way back in the "quattro club" days. Over the years I've had about a dozen or so, not all at the same time. Although I haven't tallied them up I've driven hundreds of thousands of miles in various Audis (with stacks of receipts to prove it). My first track experience was with the quattro club at Mid Ohio in a 1990 Coupe Quattro. I have been a volunteer with the Pittsburgh Vintage Grand Prix for over 30 years. I am an art framer by trade in addition to being the office manager at a local independent mechanic shop. I have served on the board of the Audi Club, currently as your club treasurer, as well as VP of ARPCA and board member of Greater Pittsburgh Mustang Club.
