

To the Nominations Committee,

My name is Tom Kosmala and I am running for the Board of Directors of the Audi Club North America, Western Pennsylvania. As one of the original founding fathers who started this group, I feel that I can continue adding to the viability and sustainability of the Chapter.

I believe in the Audi brand and have owned 9 different models from a 1987 4000 CS Quattro to a 2001 S4 with an RS4 total body conversion and engine upgrade/modifications. I also competed in SCCA Regional and National races for several years with a Fiat Abarth Allemano across North-Eastern US. I currently have 3 Audi's in my garage.

I believe that Chapter should include various driving and social activities for the members. Most of all, the Chapter has to reach out to younger owners to join and participate in Chapter activities.
