- The next event will be a Tech Session held at South Hills Audi. The service technicians will demonstrate the procedures they implement when a vehicle is brought in for service. They will have several cars on the racks to show us the basics of diagnostics. For those that haven't had the opportunity to visit at a service bay, this is an ideal time to see these cars from a different perspective. It is also a great time to get the answers to all your questions regarding service topics.

- We will begin the process for the election of the Board of Directors for our chapter. Any chapter member in good standing is eligible to run for office. Those interested should begin preparation of their election biography outlining their particular experience and talents which will contribute to running the chapter. More information will follow in the coming months.
